

YOUTHFUL REGISTRANTS LISTED FOR SERVICE BY WAR LOTTERY ROUTE

FIRST NUMBER DRAWN WAS 246, HELD IN THIS DISTRICT BY HARRY NICHOLS, OF PHILIPSBURG R. D.

2D MAN EARL J. BUTLER, CLEARFIELD

Washington, June 27.—Drawing of the draft numbers for America's class of 1918 was completed in two hours today when 1200 numbered pellets were drawn from the bowl in the Senate office building, giving every man who has become 21 years since the first registration his place in the selective service. The first number drawn from the bowl was 246 and the last was 225.

The second was 1168, the third 818, the fourth 1091, the fifth was 479. The numbers were enclosed in little glass capsules drawn from the bowl by "Major Billy" Wellborn, the draft bureau's information chief. Major Billy is a pretty Southern girl and said she would like to shake hands with the hundreds of thousands of young men whose numbers will be drawn. "I know they will come back," she said, "because our boys cannot help but win."

The first number was drawn by Secretary of War Baker after Provost Marshal General Crowder had explained the procedure. The draft determines the order of the availability of 700,000 21-year-olds who registered this month. The highest number drawn was 1200. The order of call will be determined by the position of the 1200 numbers. For instance if a registered man's number is 100 and is drawn in the 900th place in today's drawing he will be 900 in the order of call. In most country districts the number did not exceed 400. Serial numbers if issued will be according to the place and will not change the order.

JUDGE BELL'S MOTHER DIES

Mrs. Cortes Bell mother of Judge Singleton Bell, who had been in precarious health for some time passed away last evening at the family home in Ferguson township. Her death was due to the frailties incident to old age.
Funeral services will be held at the home tomorrow morning at 10 o'clock. Rev. Troutman of Fruit Hill church will officiate. Interment at Fruit Hill.

When listing star catchers don't overlook O'Neil, the Cleveland backstop. He is one of the bright spots in the Indian lineup.

DISTRICT NO. 1'S LARGEST CONTINGENT SENT TO CAMP LEE YESTERDAY

District No. 1 of Clearfield county sent out its largest contingent under the selective service act yesterday afternoon and the farewell reception tendered the boys was thoroughly in keeping with the size of the delegation.

There were 168 representatives of district No. 1 in the list and five men transferred from other districts.
The farewell reception was scheduled for the court house at 2:30 o'clock and long before that time every seat in the large court room was occupied.

At the appointed time the contingent was marched in and located at the front of the court room. Chairman Woodward of the Committee of Public Safety presided and after calling the assemblage to order introduced Rev. Snavely of the West Side Methodist church who delivered a stirring eloquent invocation.

The Liberty Male chorus of some forty voices under the capable direction of Prof. H. Clark Thayer sang "America" assisted by the audience.

Chairman Woodward then introduced the speaker of the afternoon Captain Robert Reed, a former missionary teacher in Beirut, Syria, who has been connected with American Red Cross headquarters in Paris for some time but is now home on furlough visiting his parents Mr. and Mrs. Frank B. Reed, of Old Town Road.

Captain Reed started out by saying that he was not there to commiserate with the sturdy young Americans making up the contingent, but rather to congratulate them on their opportunity to take part in the most momentous struggle in the world's history. Captain Reed then gave the boys some wholesome advice regarding their attitude and actions when they arrived in France. He paid a fine tribute to the French people and closed by wishing them God-speed on the fateful journey they were embarking upon.

Following another splendid offering by the chorus Chief Clerk Bain called the roll of draftees and then introduced Corporal Beaglier of the U. S. regular army, who came to Clearfield from Ft. Leavenworth, Kansas, on duty, who explained the war risk insurance, allowance and allotment to the embryo soldiers.

The Clearfield Italian band was present and rendered patriotic and popular airs in front of the court house for the entertainment of the large crowd which could not get inside and patiently awaited the completion of the program.

Headed by the local Exemption Board, Mayor Chase and G. A. R. veterans, John Luzier and Conrad Meise as flag bearers the line was formed and the march to the station began.

Second and Bridge streets down which the procession marched were lined on each side with friends of the boys in the ranks and when the train was reached the entire neighborhood was a solid mass of humanity.

Many touching scenes were noted as fond mothers and loving wives bid farewell to stalwart sons, and husbands, while tears of pride mingled with tears of sadness at the parting. Otto Eppert, the ex-King of the Bootblacks, was on hand and mounted

DOUBLE FUNERAL OF FIRE VICTIMS

The funeral of the late Mrs. Mary G. Vinson and daughter Margaret I. Vinson, wife and daughter of George F. Vinson and daughter of Mrs. Sarah M. Ardrey and the late James Rider, will take place tomorrow afternoon at 2 p. m. from the Baptist church on Second street and will be conducted by Major Campbell of the Salvation Army, Philadelphia, Pa., assisted by Capt. Parkins, of Clearfield, and Capt. Goddard, of Philipsburg, Pa., of which organization the deceased was a faithful, loyal and devoted worker. She is survived by her husband, George F. Vinson, her son, George F., Jr., mother Mrs. Sarah M. Ardrey and six sisters and three brothers, namely, Dan and Grover Rider, of Clearfield; Jas. Rider, of Curwensville; Mrs. John Clark, Mrs. Jack Rainey, Mrs. Louis Wagner, Mrs. Rush Fullerton, Mrs. Dudley Clark and Mrs. Louis G. Singer, of Clearfield. Interment in new cemetery.

TOMORROW, JUNE 28TH, WAR SAVING STAMP "PLEDGE DAY"

WHAT ARE YOU GOING TO DO ABOUT IT?

CAPT. ROBERT REED AT HIGH SCHOOL

An American soldier in talking about War Savings Stamps and the war made the remark, "You lick 'em on the back and we'll lick 'em on the front."

In accordance with the instructions of the federal authorities there will be patriotic rallies and mass meetings held in school houses all over the country tomorrow, Friday.

The meeting for Clearfield will be held in the new High School auditorium, and a fine program has been arranged. Capt. Robert B. Reed, who has recently returned on furlough from Paris, where he has been engaged in Red Cross work under the U. S. Government, has consented to tell something of his work there. There will be other speakers and the Liberty Chorus will sing.

These meetings are to arouse our people to the vital importance of the War Savings Stamps to the government's war financing, and the absolute necessity of the purchase of these stamps by everyone, if the total amount is to be raised. People in general and especially business men, have very generally misunderstood the scope and intention of the War Stamp movement. It is only now coming to be generally realized that the amount which our government expects to raise by this means is two billion dollars—two thirds as much as the amount set for the last Liberty Loan. This means considerably in excess of two million dollars for Clearfield county alone, and about one hundred and eighty thousand dollars for Clearfield town (including Lawrence township.) To subscribe this sum in Clearfield there must be an average purchase of at least \$20 each for every man, woman and child in the borough. Men who willingly made large subscriptions to the various Liberty Loans must not think that the War Stamps are a thing to help along by the purchase of two or three Stamps, and that the women and children will carry the rest of the load. It is as much a patriotic duty, and in fact necessity, for the man of large means, to buy the limit of War Stamps, as it was for him to take Liberty Bonds. In no other way can the total be secured. It is in fact, up to everyone to put everything he can for the remainder of this year into War Stamps. All thought of saving and thrift aside, this is a patriotic duty. If a foreigner, a common laborer in one of our local brick yards, bought three thousand dollars worth of these Stamps, as he did, some of our native sons and daughters should certainly be ashamed to take a mere two or three Stamps.

This is the time to consider carefully what you have done and what you can do. Half the year has passed. Clearfield county is miles behind in the race. Clearfield town is miles behind Clearfield county. Can we afford, for the sake of our local pride, for the sake of our government, for the sake of our boys "over there" to finish a poor last?

The meeting Friday night will give us a chance to answer. Once again we are asked not to give, only to lend. Shall we be found wanting?

READ—LEWIS

Miss Edna Read, daughter of Mr. and Mrs. Amos Read of Ogden avenue, was united in marriage last evening to Cyrus J. Lewis of O'Shanter at the Methodist parsonage in New Millport by Rev. Jarret.

The young couple were attended by Miss Ollie Moore of Pine Grove and Eldon Read, brother of the bride.

The bride wore a pretty grey dress and a becoming white milan hat.

Mrs. Lewis is a valued employee at Leitzinger Bros. department store and will remain there until August when a wedding trip to Buffalo and Niagara Falls will be taken after which they will reside at O'Shanter where Mr. Lewis is engaged in farming.

FOR SALE—Horse, harness and wagon. Inquire B. H. Hoffman, the ice man. J27-tfc

THE WAR SAVING CAMPAIGN HERE

If you were approached yesterday to purchase war-saving or thrift stamps and if you were among the many generous folk who either started a card or bought stamps for an old one you know that yesterday marked the beginning of an intensive campaign to bring Clearfield's war-saving spirit up to standard. A canvass of the streets for stamps to be bought at home fittingly marked the day when a very large number of our boys went away to be trained at camp and to be sent across. The young people who were selling soon abandoned the somewhat uncertain booths which attracted little attention in favor of the street corners and the crowded blocks, where they were quite successful.

It is not a mere sporting proposition to fill or surpass our quota, because we do not want to be excelled by other towns that have done the same. It is a matter of real service that we should help at home by saving. By the end of the campaign, June 28, we are going to have a universal spirit like that in the plants of the Harbison-Walker company where the men have bought stamps to the value of \$75,677, sometimes as high as \$60 apiece. We want a spirit like our famous Otto's when quite extemporaneous at the station yesterday, he mounted a box car and proclaimed:

"These boys are all going to fight for you're and for your country! Now you're must help at home by buying bonds and stamps and saving food."

sake of our government, for the sake of our boys "over there" to finish a poor last?

The meeting Friday night will give us a chance to answer. Once again we are asked not to give, only to lend. Shall we be found wanting?

SECRETARY MCDADOO WANTS YOU TO ENLIST IN THE GREAT AMERICAN WAR-STAMP ARMY

Secretary McAdoo has issued the following appeal, in the war-savings campaign:

"Over eight hundred thousand of America's sons are already on the fields of France, where the bloodiest attacks of all history are raging. They are suffering and dying for us at home. They are giving their lives freely and heroically to save America and liberties of mankind. They need food, clothing, and arms. Everyone who buys war-savings stamps or signs a pledge to save and buy these stamps over a period of time helps himself and helps directly every American hero in France. Isn't this the least each patriot can do to enable our gallant boys to fight victoriously or to die gloriously in the cause of humanity and liberty? Let no one who genuinely loves America and wants to serve fail to enlist in the great army of war savers during the period ending June 28, 1918."

JONES AMENDMENT COMES FROM COMMITTEE FOR SENATE ACTION

Washington, June 27.—The Senate Agricultural committee today agreed on a prohibition amendment offered by Senator Norris as a substitute for the Jones bone dry amendment. It provides that the manufacture of beer shall cease three months after the act becomes effective and the sale of whiskey and wine shall cease June 30, 1919. The vote was 8 to 3 in favor of the amendment, which will probably be reported to the senate tomorrow.

CZAR NICHOLAS WAS ASSASSINATED

Paris, June 27.—An agency dispatch from Kieff north of Babel today confirmed the assassination of former Czar Nicholas.

RENEWED GERMAN DRIVE CONFIDENTLY LOOKED FOR

London, June 27.—Important events are developing on the western front, the Chronicle declared today. German reserves cunningly moving into positions for the resumption of the offensive. It is impossible, however, to say in which sector the blow will be struck.

Rome, June 27.—Italian forces made further gains on the Piave taking 600 prisoners. It was semi-officially announced today. At the junction of the Piave bridge head 100 prisoners were taken, it was said. We enlarged the Capo Sile bridge head, taking 500 prisoners. Elsewhere raids increased our gains.

The Famous Kerry Singers

Irish Program At Chautauqua

THE KERRY SINGERS

The Kerry Singers are with the Swarthmore Chautauqua Association again for this season and will be on the Chautauqua program the first day. They were on one of the other Chautauqua circuits last year and were so satisfactory that they were engaged for this season.

"This program suited us the best of any during Chautauqua Week" was a common remark overheard last summer.

The first part of their program is of light classic music, and the second of Irish folk music and ballads. The performers are Arthur Myers, tenor; Anna Eichen, violinist; Henry Kelly, basso, and Elsie Luker, accompanist and monologist.

The program will be appropriately costumed. No expense has been spared to produce a company long to be remembered. Mr. Arthur Myers has a beautiful, clear voice. He has received a most thorough schooling in his art, and possesses to a fine degree the ability of interpretation. He has studied Irish melodies for years. The other members of the company in their arts are equally accomplished. These people will prove to be one of the best companies ever presented on the Chautauqua system.

"H. M. S. PINAFORE"

or "The Lass That Loved a Sailor"

... OPERA ...

FIFTH EVENING AT CHAUTAUQUA

The action of this classic among comic operas takes place entirely on the quarterdeck of the H. M. S. PINAFORE with a view of Portsmouth in the distance. The rising curtain reveals the boatswain and sailors cleaning brasswork, splicing rope, etc. To them enters Little Buttercup, a bombastic woman, with her stock of small wares for sale. It soon develops that a handsome young sailor, Ralph Rackstraw, by name, is in love with his Captain's daughter, Josephine, a love doomed to be hopeless because of the difference in their rank, and because she is betrothed to the First Lord of the Admiralty, Sir Joseph Puntin, K. C. B. In his tender passion Ralph has the sympathy of his messmates, excepting one ill-favored fellow, Dick Deadeye, but he has likewise succeeded in winning the love, though unconfessed, of Josephine, to whom Sir Joseph's attentions are unwelcome. The lovers confess their mutual passion and plan to steal ashore at midnight and be secretly married, a plan which Dick Deadeye overhears, and resolves to frustrate.

The Captain is discovered playing on a mandolin, and singing of the misfortunes that seem to befall him, and their weight is not lessened by Little Buttercup's hint of paragonous mysteries. Dick Deadeye reveals the plans of the lovers to escape, and they are seized at the moment of departure by the Captain and Ralph is thrown into a dungeon by Sir Joseph. In this crisis Little Buttercup reveals the fact that she was formerly a nurse, and had two boys in her charge, one of whom, the only one of her degree, and unfortunately she mixed these children up, so that Ralph is really the Captain and the Captain, Ralph. Through this explanation the two exchange offices, and Josephine marries Ralph, who is now the Captain of the Pinafore, while her father takes his place as a common sailor.

In the rendition of this opera there are many familiar songs.

"We Sail the Ocean Blue."
"I am Monarch of the Sea."
"Captain of the Pinafore."
"The Gallant Captain of Pinafore."
"When I Was a Lad."
"Carefully on Tip-Toe Stealing."
"Farewell! My Own!"

"A Maiden Fair to See."
"I am Called Little Buttercup."
"His Poor Small Stamp."
"The Merry Maiden and the Tar."
"My Farming."
"He is an Englishman."

SOME ONE SAID:
"A Thrift Stamp A Day
Keeps the Kaiser Away"

Do you realize that if everyone in the United States bought one Thrift Stamp each day, the expenses of the war would be paid each night?

Figure it out—it's a fact.
ONLY A QUARTER A DAY
Join the Thrift Army today and every day. Help yourself and Uncle Sam.

Why We Sell Nationally Advertised Brands

If you're like most people, you need only look into your own mind and see how it works, to understand why we prefer to sell nationally advertised brands of goods.

You go into a store and ask for a certain article—it may be a suit of clothes or a toothbrush, a piano, a saw, or breakfast food. The merchant shows you two kinds. You haven't the slightest way of knowing which is the better.

But one is stamped with a name you know—the other you never heard of!

What do you do? If you're like most people, you play safe and take the one with the familiar brand name! Why? You couldn't give a very sound reason for it—except—somehow—you have a bit more confidence in the one whose name you have heard before.

Well, look at it from our side of the counter. The advertised brand sells more easily. It sells more quickly. It saves the time of the salesman. It helps him sell more goods with less expense.

But suppose the values were not good. Then the article would not "stay sold". There'd be dissatisfaction, and we'd lose customers. Is the advertised article really better value, or is the buyer's confidence misplaced?

Our experience is that the goods with a national reputation are nearly always the better value. Why? Because the man who has invested his money in national advertising, and built up a country wide reputation for his goods, doesn't dare make an inferior quality! He'd lose his advertising-investment if he did!

So, you see, national advertising helps us and helps you. And when you see Society Brand Clothes, Hart Schaffner & Marx Clothes, Clothcraft Clothes, Stetson hats, Manhattan shirts, Arrow collars, Dent gloves, Superior underwear or Notaseme hosiery in our store, you can buy them with every confidence that the manufacturer has too much at stake to think of giving you anything but the best possible value for your money.

If you're in touch with the woolen situation, Buy Now! If not take our word for it that there are going to be some sharp price advances on July first. Buy now and save money.

News of OUR NEIGHBORS

CURWENSVILLE

Mrs. Herbert Sharp who has been quite seriously ill for several weeks, has recovered sufficiently to be about the house.

Harry Bigler left for Camp Lee yesterday morning, having in charge a deserter whom Chief Clark picked up. His name was Kulla and this is his second offense.

Miss Ruby Dyer has gone to Grove City where she will attend a term of school, participating in branches that pertain to teaching in the common schools.

Two Curwensville people were operated on in the Clearfield hospital yesterday. Charles Harris and Mrs. Gie Bloom. Both operations were successful and both patients are getting along nicely.

Webb Karstetter has been down to Legation, the town that was almost entirely wiped out by fire last week. It was his home town and he was a little despondent of getting the loss first hand.

The condition of Dr. Thompson, who was taken suddenly ill on Sunday last, is not improving as fast as his friends would like to see, although medical science is doing everything that can be done in his case.

Mrs. Walter Norris went over to DuBois yesterday to bid farewell to a brother who was sent to Camp Lee with the Pike township contingent. This is the second brother to enter the service.

Mrs. George Straiter and two children left for Pittsburgh yesterday, where they expect to visit with a sister, Mrs. Ardary, for a week or two and then go to Tompkins and visit with "Peck" Annmerman for a few days.

Mr. and Mrs. Cornelly, of Nanty Glo, were in town this week visiting Mrs. Milton Carlisle, Mrs. Cornelly's mother. When they left they took Mrs. Carlisle to their home where she will spend some weeks with them and also with a son, John C. Carlisle.

Tonight Curwensville lodge Knights of Pythias will nominate a full corps of lodge officers to serve for the ensuing term of six months. All members of the organization are requested to be present and assist in selecting the list.

Miss Katherine Shearer, who formerly worked at the brick yard offices, but who resigned her position some time ago to accept one with the government, left for Washington yesterday morning. She has signed up for four years.

Curwensville school board took a wise act, so they think, in electing all female teachers, with but one exception for the winter term. There is no particular danger of them being charmed for war, but did the board take into consideration that they

Parowax Means "Safety First" For Preserves, Jams and Jellies

Economical Insurance Against Deterioration

Now that the time is here when you start putting up preserves, be sure you lay in your supply of Parowax. Next to being certain that your glass jars and jars are spotlessly clean, Parowax is your most important essential.

When you use the "Red Pack" which is so rapidly gaining in favor everywhere, as the most popular method of preserving with the fruit syrups, you can insure protection by the use of Parowax.

When Parowax is used to seal preserve jars and to preserve the top of jellies, you know that the dust and germs simply can't get in to affect the good things you have made. They are safe when you use Parowax.

Look for the familiar Parowax package. Parowax is sold and recommended by all grocers. In case your grocer is sold out, he will gladly get it for you. This is especially important in order to release other folks to car...

might be drafted into the war against market?

At present there is a vacancy in this town for a good harness maker. For many years Alfred Owen was the only mechanic of that kind in town and kept a shop open for the accommodation of the public generally. Now that he is gone, there is a chance for some one to step in and take in place.

Community Chautauque starts at Curwensville June 28th.

Better than ever this year.

Two big patriotic numbers.

Tickets on sale at Leib's, Gabe's and Karstetter's. You can save money by purchasing a season ticket from your local committee. Prices from committee are as follows: Adult season ticket \$2.00; war tax 20c; total \$2.20. Junior ticket for children 10 to 14 years \$1.00; war tax, 10c; total \$1.10. Junior ticket for children 11 to 14 years \$1.00; war tax 10c; total \$1.10.

After opening of Chautauque price of tickets will advance to adult season ticket \$2.50; war tax 25c; total \$2.75.

It is economy to buy a season ticket even though you attend only a few numbers. Single admission including war tax are as follows: Afternoons (except fourth day) 10c; children 10 to 14 years 5c. Evenings and fourth afternoon 55c; children 10 to 14 years 30c.

Some of the greatest war lectures of the day, and some of the most inspiring musical programs have been secured for your Chautauque. You can't afford to miss on number. Get a ticket from your committee and enjoy the five days' program.

FURTHER RESTRICTIONS OF THE USE OF SUGAR

Washington, June 26—Further restrictions of the use of sugar and extension of its control of sugar consumption was announced today by the food administration. The new regulations affect restaurants and public eating houses.

They will be allowed sugar on the basis of three pounds for every 100 meals served, which is on the same ratio as the allowance for family consumption or three pounds for each member of the family per month.

Sugar ration cards to limit sugar consumption in each home to three pounds per person a month are being worked out by the Food Administration to enforce the restrictions which will go into effect soon.

When Itching Stops

There is one safe, dependable treatment that always relieves itching and that does not irritate the skin and that does not add to the discomfort.

Ask any druggist for a 50c or \$1 bottle of Zeno and apply it as directed. When you will find that hives, rashes, blackheads, eczema, blotches, ringworm and similar skin troubles will disappear.

A little Zeno, the penetrating, soothing liquid, is all that is needed for it banishes most skin eruptions and makes the skin soft, smooth and healthy.

CLEARFIELD CO. GIRL ENROUTE OVERSEAS

This is a letter written to Mrs. J. Ryker Murray of Legation, after from her daughter who enlisted in February.

Somewhere on the Ocean.

Dear Mother—

1st Day. We drilled every day for ten days but came away before the parade. Once on the boat, had dinner, a nap and walked about the deck for a while.

2nd Day. Sat on deck most of the day. A great many of the people on board play and sing but a great many are sick. I have not felt sick so far.

3rd Day. The ocean is very smooth and much warmer than I thought. We have very good food, much better than at Hotel Bristol. Tea arrives every afternoon on deck. There are two chaplains with us. The men of our unit did not come as we had expected they would.

4th Day. Went on deck early. We have breakfast from 7:30 to 10:00 which is very nice for everyone. Saw a whale spouting this morning. The cabin I am in accommodates two, Miss McChaine is from Altoona, and a nice girl to be with. I sleep soundly all night and have not been sick yet.

They have just finished singing M-O-T-I-F-I-E-R. One of the Barrett boys from Clearfield is here, a Tyson boy from Tyrone and two lieutenants from Philadelphia who know people I know. The dietitian, Miss Bigelow, lived in Phillipsburg. It seems natural to live in a boat. Haven't been at all seasick and we have had rain and a great deal of wind after the first few days.

We carry a rather bulky life preserver with us every minute and can scarcely pass any one on the stairs. If we forget it for one minute, some one, usually an officer, reminds us. I brought ten books with me but do not find this an ideal place to read.

My nose has been blistered by the sun and for a day was twice its usual size. My conversation went like this, "Oh, not. It's all right. No not sore. A little," etc. Everyone seems to have so little to talk about that they are delighted with anything like "sunburn" or "sick stomach."

We arrived safely last night and everyone was very much pleased with very ordinary trees and grass. The water is green but the trees are greener. The last part of our trip was the most interesting. I lived in a dark blue flannel waist and my suit skirt all of the way over. Part of the way was very cold and necessary to wear flannels but shed them this morning. When we arrived the band played Hail Hail the Gang's All Here.

I am so afraid I will write something that I should not that I cannot write naturally. You have no idea what it is like to plan a letter this way, especially when there is so much to write about and you dare not write it. Write when you get this.

With love,

BLANCHE C. MURRAY, A. N. C.

1 OF 6 GIANT CRUISER C-BOATS DESTROYED

Washington, June 27—Of six great cruiser-type submarines, built by Germany, four have been destroyed by the Allies, according to information which has come to the navy department. It is understood American destroyers were responsible in part for the achievement.

Navy men in Washington declare they have reason to believe there has been distinct disappointment in the German admiralty over the results attained in the recent submarine raid along the American coast and that it is questionable whether the operation will be repeated.

Most Miles Per Dollar

WE know you get more mileage from Firestone Cord Tires than from others. That's why we recommend them. Here are the features that we find give the extra mileage:

Numerous walls of stout cords. Pure gum separates cords and prevents friction. Extra thick cushion layer of pure gum under tread absorbs shocks and protects inner body of tire. Tough, thick, resilient tread.

Bead, which holds tire in rim, strongly reinforced, as is also the side wall. Hinge or bending point of tire thrown high where strain has least effect. Result, Most Miles per Dollar.

Firestone Red Tubes stand up to the hardest driving for the longest time. Antimony cure and laminated construction are two of the important reasons. And be sure to see the Firestone Cord section when you come in.

YOUTHFUL REGISTRANTS LISTED FOR SERVICE BY WAR LOTTERY ROUTE

FIRST NUMBER DRAWN WAS 246, HELD IN THIS DISTRICT BY HARRY NICHOLS, OF PHILIPSBURG R. D.

2D MAN EARL J. BUTLER, CLEARFIELD

Washington, June 27.—Drawing of the draft numbers for America's class of 1918 was completed in two hours today when 1200 numbered pellets were drawn from the bowl in the Senate office building, giving every man who has become 21 years since the first registration his place in the selective service. The first number drawn from the bowl was 246 and the last was 225.

The second was 1168, the third 818, the fourth 1091, the fifth was 479. The numbers were enclosed in little glass capsules drawn from the bowl by "Major Billy" Wellborn, the draft bureau's information chief. Major Billy is a pretty Southern girl and said she would like to shake hands with the hundreds of thousands of young men whose numbers will be drawn. "I know they will come back," she said, "because our boys cannot help but win."

The first number was drawn by Secretary of War Baker after Provost Marshal General Crowder had explained the procedure. The draft determines the order of the availability of 700,000 21-year-olds who registered this month. The highest number drawn was 1200. The order of call will be determined by the position of the 1200 numbers. For instance if a registered man's number is 100 and is drawn in the 900th place in today's drawing he will be 900 in the order of call. In most country districts the number did not exceed 400. Serial numbers if issued will be according to the place and will not change the order.

DISTRICT NO. 1'S LARGEST CONTINGENT SENT TO CAMP LEE YESTERDAY

District No. 1 of Clearfield county sent out its largest contingent under the selective service act yesterday afternoon and the farewell reception tendered the boys was thoroughly in keeping with the size of the delegation.

There were 168 representatives of district No. 1 in the list and five men transferred from other districts.

The farewell reception was scheduled for the court house at 2:30 o'clock and long before that time every seat in the large court room was occupied.

At the appointed time the contingent was marched in and located at the front of the court room. Chairman Woodward of the Committee of Public Safety presided and after calling the assemblage to order introduced Rev. Snavely of the West Side Methodist church who delivered a stirring eloquent invocation.

The Liberty Male chorus of some forty voices under the capable direction of Prof. H. Clark Thayer sang "America" assisted by the audience.

Chairman Woodward then introduced the speaker of the afternoon Captain Robert Reed, a former missionary teacher in Beirut, Syria, who has been connected with American Red Cross headquarters in Paris for some time but is now home on furlough visiting his parents Mr. and Mrs. Frank B. Reed, of Old Town Road.

Captain Reed started out by saying that he was not there to commiserate with the sturdy young Americans making up the contingent, but rather to congratulate them on their opportunity to take part in the most momentous struggle in the world's history. Captain Reed then gave the boys some wholesome advice regarding their attitude and actions when they arrived in France. He paid a fine tribute to the French people and closed by wishing them God-speed on the fateful journey they were embarking upon.

Following another splendid offering by the chorus Chief Clerk Bain called the roll of draftees and then introduced Corporal Beaglier of the U. S. regular army, who came to Clearfield from Ft. Leavenworth, Kansas, on duty, who explained the war risk insurance, allowance and allotment to the embryo soldiers.

The Clearfield Italian band was present and rendered patriotic and popular airs in front of the court house for the entertainment of the large crowd which could not get inside and patiently awaited the completion of the program.

Headed by the local Exemption Board, Mayor Chase and G. A. R. veterans, John Luzier and Conrad Meise as flag bearers the line was formed and the march to the station began.

Second and Bridge streets down which the procession marched were lined on each side with friends of the boys in the ranks and when the train was reached the entire neighborhood was a solid mass of humanity.

Many touching scenes were noted as fond mothers and loving wives bid farewell to stalwart sons, and husbands, while tears of pride mingled with tears of sadness at the parting. Otto Eppert, the ex-King of the Bootblacks, was on hand and mounted

DOUBLE FUNERAL OF FIRE VICTIMS

The funeral of the late Mrs. Mary G. Vinson and daughter Margaret I. Vinson, wife and daughter of George F. Vinson and daughter of Mrs. Sarah M. Andrey and the late James Rider, will take place tomorrow afternoon at 2 p. m. from the Baptist church on Second street and will be conducted by Major Campbell of the Salvation Army, Philadelphia, Pa., assisted by Capt. Parkins, of Clearfield, and Capt. Goddard, of Philipsburg, Pa., of which organization the deceased was a faithful, loyal and devoted worker. She is survived by her husband, George F. Vinson, her son, George F., Jr., mother Mrs. Sarah M. Andrey and six sisters and three brothers, namely, Dan and Grover Rider, of Clearfield; Jas. Rider, of Curwensville; Mrs. John Clark, Mrs. Jack Rainey, Mrs. Louis Wagner, Mrs. Rush Fullerton, Mrs. Dudley Clark and Mrs. Louis G. Singer, of Clearfield. Interment in new cemetery.

WHAT ARE YOU GOING TO DO ABOUT IT?

An American soldier in talking about War Savings Stamps and the war made the remark, "You lick 'em on the back and we'll lick 'em on the front."

In accordance with the instructions of the federal authorities there will be patriotic rallies and mass meetings held in school houses all over the country tomorrow, Friday.

The meeting for Clearfield will be held in the new High School auditorium, and a fine program has been arranged. Capt. Robert B. There will be other speakers and the Liberty Chorus will sing.

These meetings are to arouse our people to the vital importance of the War Savings Stamps to the government's war financing, and the absolute necessity of the purchase of these stamps by everyone, if the total amount is to be raised. People in general and especially business men, have very generally misunderstood the scope and intention of the War Stamp movement. It is only now coming to be generally realized that the amount which our government expects to raise by this means is two billion dollars—two thirds as much as the amount set for the last Liberty Loan. This means considerably in excess of two million dollars for Clearfield county alone, and about one hundred and eighty thousand dollars for Clearfield town (including Lawrence township.) To subscribe this sum in Clearfield there must be an average purchase of at least \$20 each for every man, woman and child in the borough. Men who willingly made large subscriptions to the various Liberty Loans must not think that the War Stamps are a thing to help along by the purchase of two or three Stamps, and that the women and children will carry the rest of the load. It is as much a patriotic duty, and in fact necessity, for the man of large means, to buy the limit of War Stamps, as it was for him to take Liberty Bonds. In no other way can the total be secured. It is in fact, up to everyone to put everything he can for the remainder of this year into War Stamps. All thought of saving and thrift aside, this is a patriotic duty. If a foreigner, a common laborer in one of our local brick yards, bought three thousand dollars worth of these Stamps, as he did, some of our native sons and daughters should certainly be ashamed to take a mere two or three Stamps.

This is the time to consider carefully what you have done and what you can do. Half the year has passed. Clearfield county is miles behind in the race. Clearfield town is miles behind Clearfield county. Can we afford, for the sake of our local pride, for the

SECRETARY MCDADOO WANTS YOU TO ENLIST IN THE GREAT AMERICAN WAR-STAMP ARMY

Secretary McAdoo has issued the following appeal, in the war-savings campaign:

"Over eight hundred thousand of America's sons are already on the fields of France, where the bloodiest attacks of all history are raging. They are suffering and dying for us at home. They are giving their lives freely and heroically to save America and liberties of mankind. They need food, clothing, and arms. Everyone who buys war-savings stamps or signs a pledge to save and buy these stamps over a period of time helps himself and helps directly every American hero in France. Isn't this the least each patriot can do to enable our gallant boys to fight victoriously or to die gloriously in the cause of humanity and liberty? Let no one who genuinely loves America and wants to serve fail to enlist in the great army of war savers during the period ending June 28, 1918."

READ—LEWIS

Miss Edna Read, daughter of Mr. and Mrs. Amos Read of Ogden avenue, was united in marriage last evening to Cyrus J. Lewis of O'Shanter at the Methodist parsonage in New Millport by Rev. Jarret.

The young couple were attended by Miss Ollie Moore of Pine Grove and Eldon Read, brother of the bride.

The bride wore a pretty grey dress and a becoming white milan hat.

Mrs. Lewis is a valued employee at Leitinger Bros. department store and will remain there until August when a wedding trip to Buffalo and Niagara Falls will be taken after which they will reside at O'Shanter where Mr. Lewis is engaged in farming.

THE WAR SAVING CAMPAIGN HERE

If you were approached yesterday to purchase war-saving or thrift stamps and if you were among the many generous folk who either started a card or bought stamps for an old one you know that yesterday marked the beginning of an intensive campaign to bring Clearfield's war-saving spirit up to standard. A canvass of the streets for stamps to be bought at home fittingly marked the day when a very large number of our boys went away to be trained at camp and to be sent across. The young people who were selling soon abandoned the somewhat uncertain booths which attracted little attention in favor of the street corners and the crowded blocks, where they were quite successful.

It is not a mere sporting proposition to fill or surpass our quota, because we do not want to be excelled by other towns that have done the same. It is a matter of real service that we should help at home by saving. By the end of the campaign, June 28, we are going to have a universal spirit like that in the plants of the Harbison-Walker company where the men have bought stamps to the value of \$75,677, sometimes as high as \$60 apiece. We want a spirit like our famous Otto's when quite extemporaneous at the station yesterday, he mounted a box car and proclaimed:

"These boys are all going to fight for you're and for your country! Now you're must help at home by buying bonds and stamps and saving food."

sake of our government, for the sake of our boys "over there" to finish a poor last?

The meeting Friday night will give us a chance to answer. Once again we are asked not to give, only to lend. Shall we be found wanting?

RENEWED GERMAN DRIVE CONFIDENTLY LOOKED FOR

London, June 27.—Important events are developing on the western front, the Chronicle declared today. German reserves cunningly moving into positions for the resumption of the offensive. It is impossible, however, to say in which sector the blow will be struck.

Rome, June 27.—Italian forces made further gains on the Piave taking 600 prisoners. It was semi-officially announced today. At the junction of the Piave bridge head 100 prisoners were taken, it was said. We enlarged the Capo Sile bridge head, taking 500 prisoners. Elsewhere raids increased our gains.

JONES AMENDMENT COMES FROM COMMITTEE FOR SENATE ACTION

Washington, June 27.—The Senate Agricultural committee today agreed on a prohibition amendment offered by Senator Norris as a substitute for the Jones bone dry amendment. It provides that the manufacture of beer shall cease three months after the act becomes effective and the sale of whiskey and wine shall cease June 30, 1919. The vote was 8 to 3 in favor of the amendment, which will probably be reported to the senate tomorrow.

CZAR NICHOLAS WAS ASSASSINATED

Paris, June 27.—An agency dispatch from Kieff north of Babel today confirmed the assassination of former Czar Nicholas.

News of OUR NEIGHBORS

CURWENSVILLE

Mrs. Herbert Sharp who has been quite seriously ill for several weeks, has recovered sufficiently to be about the house.

Harry Bigler left for Camp Lee yesterday morning, having in charge a deserter whom Chief Clark picked up. His name was Kulla and this is his second offense.

Miss Ruby Dyer has gone to Grove City where she will attend a term of school, participating in branches that pertain to teaching in the common schools.

Two Curwensville people were operated on in the Clearfield hospital yesterday. Charles Harris and Mrs. Gie Bloom. Both operations were successful and both patients are getting along nicely.

Webb Karstetter has been down to Legation, the town that was almost entirely wiped out by fire last week. It was his home town and he was a little despondent of getting the loss first hand.

The condition of Dr. Thompson, who was taken suddenly ill on Sunday last, is not improving as fast as his friends would like to see, although medical science is doing everything that can be done in his case.

Mrs. Walter Norris went over to DuBois yesterday to bid farewell to a brother who was sent to Camp Lee with the Pike township contingent. This is the second brother to enter the service.

Mrs. George Straiter and two children left for Pittsburgh yesterday, where they expect to visit with a sister, Mrs. Ardary, for a week or two and then go to Templeton and visit with "Peck" Annmerman for a few days.

Mr. and Mrs. Cornelly, of Nanty Glo, were in town this week visiting Mrs. Milton Carlisle, Mrs. Cornelly's mother. When they left they took Mrs. Carlisle to their home where she will spend some weeks with them and also with a son, John C. Carlisle.

Tonight Curwensville lodge Knights of Pythias will nominate a full corps of lodge officers to serve for the ensuing term of six months. All members of the organization are requested to be present and assist in selecting the list.

Miss Katherine Shearer, who formerly worked at the brick yard offices, but who resigned her position some time ago to accept one with the government, left for Washington yesterday morning. She has signed up for four years.

Curwensville school board took a wise act, so they think, in electing all female teachers, with but one exception for the winter term. There is no particular danger of them being charmed for war, but did the board take into consideration that they

Parowax Means "Safety First" For Preserves, Jams and Jellies

Economical Insurance Against Deterioration

Now that the time is here when you start putting up preserves, be sure you lay in your supply of Parowax. Next to being certain that your glass jars and jars are spotlessly clean, Parowax is your most important essential.

When you use the "Red Pack" which is so rapidly gaining in favor everywhere, as the most popular method of preserving with the fruit syrups, you can insure protection by the use of Parowax.

When Parowax is used to seal preserve jars and to preserve the top of jellies, you know that the dust and germs simply can't get in to affect the good things you have made. They are safe when you use Parowax.

Look for the familiar Parowax package. Parowax is sold and recommended by all grocers. In case your grocer is sold out, he will gladly get it for you. This is especially important in order to release other folks to car...

FURTHER RESTRICTIONS OF THE USE OF SUGAR

Washington, June 26—Further restrictions of the use of sugar and extension of its control of sugar consumption was announced today by the food administration. The new regulations affect restaurants and public eating houses.

They will be allowed sugar on the basis of three pounds for every 10 meals served, which is on the same ratio as the allowance for family consumption or three pounds for each member of the family per month.

Sugar ration cards to limit sugar consumption in each home to three pounds per person a month are being worked out by the Food Administration to enforce the restrictions which will go into effect soon.

Dear Mother—

1st Day. We drilled every day for ten days but came away before the parade. Once on the boat, but didn't, a nap and walked about the deck for a while.

2nd Day. Sat on deck most of the day. A great many of the people on board play and sing but a great many are sick. I have not felt sick so far.

3rd Day. The ocean is very smooth and much warmer than I thought. We have very good food, much better than at Hotel Bristol. Tea arrives every afternoon on deck. There are two chaplains with us. The men of our unit did not come as we had expected they would.

4th Day. Went on deck early. We have breakfast from 7:30 to 10:00 which is very nice for everyone. Saw a whale spouting this morning. The cabin I am in accommodates two, Miss McChane is from Altoona, and a nice girl to be with. I sleep soundly all night and have not been sick yet. They have just finished singing M-O-T-I-E-R. One of the Barrett boys from Clearfield is here, a Tyson boy from Tyrone and two lieutenants from Philadelphia who know people I know. The dietitian, Miss Bigelow, lived in Philadelphia. It seems natural to live in a boat. Haven't been at all seasick and we have had rain and a great deal of wind after the first few days. We carry a rather bulky life preserver with us every minute and can scarcely pass any one on the stairs. If we forget it for one minute, some one, usually an officer, reminds us. I brought ten books with me but do not find this an ideal place to read. My nose has been blistered by the sun and for a day was twice its usual size. My conversation went like this, "Oh, no, it's all right. No not sore, a little," etc. Everyone seems to have so little to talk about that they are delighted with anything like "sunburn" or "sick stomach".

We arrived safely last night and everyone was very much pleased with very ordinary trees and grass. The water is green but the trees are greener. The last part of our trip was the most interesting. I lived in a dark blue flannel waist and my suit skirt all of the way over. Part of the way was very cold and necessary to wear flannels but shed them this morning. When we arrived the band played Hail Hail the Gang's All Here.

I am so afraid I will write something that I should not that I cannot write naturally. You have no idea what it is like to plan a letter this way, especially when there is so much to write about and you dare not write it. Write when you get this.

With love,

BLANCHE C. MURRAY, A. N. C.

WOMAN 70, PLANS TO BE LINO TYPE OPERATOR

Clearfield City, Pa., June 26—Mrs. Emma Aldrich, seventy, whose husband, the late Levi Aldrich, well-known Kansas editor, founded the Clearfield City Register more than forty years ago, will enter the University of Kansas, where she will take a special course in linotype operation. Mrs. Aldrich assisted her husband in the founding and editing of the Register.

SOUVENIR FROM FRANCE

J. S. Anzenbach of O'Shannon recently received from his son Russell L. Anzenbach with the American expeditionary forces in France, a piece of a captured German helmet. It is prized very highly as a souvenir. A handsome cushion two miles of crossed American and French flags has been made for the souvenir.

TWO BOYS IN ARMY

Joseph A. Hays of Mrs. A. E. Hays, Clearfield, Pa., has two sons in the army. The elder, William H. Hays, is in the 1st Cavalry and the younger, John H. Hays, is in the 1st Infantry.

1 OF 6 GIANT CRUISER C-BOATS DESTROYED

Washington, June 27—Of six great cruiser-type submarines, built by Germany, four have been destroyed by the Allies, according to information which has come to the navy department. It is understood American destroyers were responsible in part for the achievement.

Navy men in Washington declare they have reason to believe there has been distinct disappointment in the German admiralty over the results attained in the recent submarine raid along the American coast and that it is questionable whether the operation will be repeated.

NOTHING ELSE LIKE IN CLEARFIELD

There has never been anything in Clearfield like the INSTANT action of Chamberlain's Colic, Cholera and Diarrhoea Remedy. ONE SPOONFUL flushes the ENTIRE bowels, so completely it relieves ANY CASE of stomach, gas or constipation and prevents appendicitis. The INSTANT, pleasant action of Chamberlain's surprises both doctors and patients. C. W. Dooley, Druggist.

Most Miles Per Dollar

WE know you get more mileage from Firestone Cord Tires than from others. That's why we recommend them. Here are the features that we find give the extra mileage:

Numerous walls of stout cords. Pure gum separates cords and prevents friction. Extra thick cushion layer of pure gum under tread absorbs shocks and protects inner body of tire. Tough, thick, resilient tread.

Bead, which holds tire in rim, strongly reinforced, as is also the side wall. Hinge or bending point of tire thrown high where strain has least effect. Result, Most Miles per Dollar.

Firestone Red Tubes stand up to the hardest driving for the longest time. Antimony cure and laminated construction are two of the important reasons. And be sure to see the Firestone Cord section when you come in.
